

3-D Sod®

RAPID ESTABLISHMENT BLEND

Stronger and Faster

Increased sod establishment, reduce days to harvest. Contains characteristics of the 3-D Sod Blend with an additional Kentucky bluegrass variety that is highly rated in sod tensile strength. Providing a rapid establishing sod blend with the ability to be harvested earlier due to its increased tensile strength and spreading attributes.

- Establish Your Sod Faster
- Increased Tensile strength
- Faster Harvest Times
- No compromising quality
- High Plant Density
- Less Vertical Growth

DARKER:

3-D Sod has been specially designed to yield a naturally darker turf. Simply put, this means less fertilizing! You'll be able to have the same rich green lawn you expect without the use of costly and sometimes harmful chemicals.

DENSER:

Aside from the aesthetic beauty of a thick lawn, 3-D Sod's improved density will help compete with weeds by actually squeezing them out! Plus, 3-D Sod will green-up quick in the spring giving you the first green lawn on the block.

DWARFER:

Our 3-D Sod provides less vertical growth and a lower canopy height. It's an attribute with a benefit that is terribly simple to understand... less mowing! Stop spending all weekend working on your lawn rather than just enjoying it.
